

Chief Physician Executive Circle

Join your peers and secure an inaugural seat at our Chief Physician Executive Circle in 2024

Charting a course where challenges associated with resource constraints, workforce sustainability, physician alignment and maintenance of high reliability must be balanced within a complex healthcare landscape is the daily reality of Chief Physician Executives. Solving these problems isn't a simple process, particularly while the industry is undergoing constant change. Position yourself within a trusted, closed-door space where strategic, knowledgeable peer discussions and actionable insights are developed in an intimate environment that you can use to immediately inform your health system strategy.

Now you can join Chief Physician Executives (CPEs) from leading systems similar to yours and experience the peer learning and networking that enable shared strategic expertise and solution development for some of the most challenging issues facing the clinical enterprise – hosted by The Health Management Academy, the company committed to cultivating the premier community of healthcare's most influential changemakers for over 25 years.

Join our 2024 Chief Physician Executive Circle convening opportunities:

CPE Circle offers an exclusive peer network that unites Chief Physician Executives (CPEs) with experts and thought leaders to engage in action-oriented discussions about today's most pressing challenges. For these small, candid, closed door sessions, THMA is seeking like-minded, progressive leaders who value collaboration and shared, tested practices. As our guest, you will inform agenda setting for each session around topics that may include:

Cost Management and Economic Stability

Position your system for relentless pursuit of efficiency and standardization, understand best practices for stronger adoption of value-based care and participate in stronger examination of managed care and payer strategies at a macro level.

Smarter, Sustainable Growth

Engage in transparent discussion on deprioritizing services that are negatively impacting margin and increase partnerships in the ambulatory space that compete with disruptors.

Workforce Longevity

Learn how other systems are addressing unsustainable labor costs and adopt strategies for effective workforce retention, implementation of tech-enablement platforms that improve productivity and exploration of care redesign options that promote top of license practice.

Principled Artificial Intelligence Strategy

Accelerate cross-functional discussion on long-term clinical Artificial Intelligence (AI) strategy amidst market-shifting innovation while developing concepts for increasing investment in internal alignment, governance, and data analytics infrastructure.

About Us

Since 1998, The Health Management Academy (THMA) has brought together executive peer groups that face similar challenges and strategic opportunities. These exclusively executive, role-based groups provide a platform for insightful discussions, practical exchange, and deep connections that accelerate innovation. Designed in retreat-style formats, CPE Circle will meet in-person twice a year and virtually throughout for continuous idea exchange and relationship building.
